When there is a late school start, and parents/guardians choose to keep their student(s) home because of poor weather or driving conditions, the student’s absence will be excused due to the parents’/guardians’ discretion. \*\*\* At the 7-12 grade level, this excused absence will not count against the “Eight/Six Total Absences Rule”.

It is also essential that you plan in advance where your student should go if we have an early school closing. Parents/guardians will not be individually called when there is an early dismissal/closing. Please make a personal plan for a school closing and review it with your student(s).
